

2016 KPI - Jobseeker/Program Impact Survey for 2016 Grant Recipients

This is the KPI survey to be completed by your Partnership's core convening team. You will be asked one multiple choice question and a self-designed indicator unique to your Partnership, followed by general information (e.g., your partnership's primary contact information, number of involved partners) about your Sector Partnership, so we can better understand the impact of Sector Partnerships taking place across the state.

* 1. Has your Sector Partnership directly contributed to any of the following since July 2015?

- New training/education program developed
- Existing training/education program enhanced
- Increased enrollment in existing or enhanced training/education programs
- Increased completion of industry-recognized credentials from existing or enhanced training/education programs
- Increased placement into jobs in the target industry by students/jobseekers
- Advancement by workers to better jobs in the target industry
- Increased job retention by workers in target industry
- Increased awareness by students/jobseekers of training/education programs
- Increased participation by education, training and student/jobseeker support organizations (K-12, post-secondary, workforce programs, other)
- Increased collaboration across partner organizations on talent development
- Increased participation by businesses in target industry and region
- Shared funding across support organizations for industry and jobseeker/student activities
- Shared staffing across support organizations for industry and jobseeker/student activities
- Increased program alignment across secondary, post-secondary, and/or workforce programming
- Joint or shared decision-making across support organizations (education, workforce development, economic development, etc.)
- Joint or shared projects across support organizations
- Data sharing across support organizations
- Coordinated supply (across education and training programs) to labor market
- Joint or shared marketing of programs
- None of the above

Other (please specify):

* 2. Grant Recipient Unique Indicator:

We know each Sector Partnership is unique, with different priorities, goals and operations depending on the target industry and region. Create one performance indicator that will best measure your partnership's success. Please define it briefly, and include the unit of measurement that you'll be able to report on in January 2017 and July 2017.

Need some inspiration? Examples of potential indicators can be found in the many examples provided in this survey, or take another look at the 25 Ways to Tell your Story. Or contact Lindsey Woolsey at lindsey@woolseygroup.com and we will help brainstorm with you.
